Dear Company Directors,

Sara Michelle "Sarafina" Murawski is an incredible dancer with large style diversity.

Is a soloist with a touch of Primaballerina and loves mostly to dance classical or neoclassical.

High innovative or stiff conservative choreographers, will have a lot of fun with her bodywork.

She has a strong technique and a soft soul, with smooth arms work: a swan could fly higher, this way.

But we know her as rough dancer too, just for fun, but we see what potential is hidden in her.

We find actually pity and a gap of culture, to let this diamond go, for long term, trying to get a job through the companies.

Wake up though your choreographer's fantasy.

Lead and let you inspire from this flying body, to get the best piece of your life.

With Sara, we freely guarantee, without any doubt, a friendly and upper professional dancer in your hands.
